Hello There You Magical Being!

We hope you'll LOVE everything!

This is how we define V.I.B.E.S. and this is what Trust Your Vibes is all about!

V – Vibration. Vibration comes to you through visualization, mantra, color, sound, light, aromatherapy, stone, water, intention, plants, meditation, symbolization, herbs and more.

I - Intuition. Intuition, or Inner Knowing, comes to you in so many ways. Learning to listen. Be still and listen is the key.

B – Body. Your body doesn't lie to you. "Gut feelings" are real. Learn to decipher messages from your body.

E – Energy. Let your energy guide your life. Keep it clear. Keep it positive. Remove any negativity (news, social media, people, etc.) Get to know your emotions.

S – Spirit. Trusting a higher purpose/power allows you to trust yourself.

Gina naturally creates a sacred space of awareness, acceptance, and appreciation of all aspects of you and encourages you to do the same. She weaves in magic and ritual in all aspects of her life, including a sacred pooping ritual. Who does that, right? Gina loves crab-cheese wantons, donut holes, and long love-making sessions. She enjoys white-cake for breakfast! She's afraid of the dark so she's a twinkle light junkie. She also thrives on facilitating sexuality and sacredness conversations, inviting more playfulness into a seemingly uptight world. You can find her at blisscoach.com

We are not doctors, scientists, rocket scientists or even bartenders. These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease. Please use wisdom and consider all safety information from a competent reference book regarding essential oil use. There are some oils that should never be taken internally and alcohol doesn't change that. Some oils should not be applied directly to the skin, without a carrier oil. Ensure the oils you are using are of the highest standards of quality. Essential oils can be much more potent that herbs, so a little goes a long way. Use caution when using essential oils for babies and children as they have highly sensitive skin and require less oil. If you are pregnant or nursing, consult a licensed health care professional before applying essential oils. As always, drink responsibly and don't drive. If you happen to drink too much, try the hair of the dog or a shot of water with 2 drops ginger, 1 drop each of lavender and lemon.
